**Southland Secondary Schools
Senior Netball Tournament
Sunday 15th August 2010
Stadium Southland**

This one day tournament will take place again in 2010 as it has in the past years. The tournament is for the top school tournament teams.

The purpose of the tournament is to give teams some build up games prior to the South Island Tournament which is in the week from the 30th August- 3rd September. Teams will be put into sections according to grades they will be playing in at the SI Tournament. The structure of the games will be the same as they will be at this tournament.

The draw will be developed after schools have indicated their availability.

As teams must supply a qualified umpire to the SISS Netball tournament we believe that this development tournament will also help your umpire prepare for tournament.

You are therefore requested to name an umpire along with your team on your entry form for this Senior Southland Tournament.

Please register your attendance to us by **Friday 6th August.**

Thank you.
Fiona
