

Playground marking templates

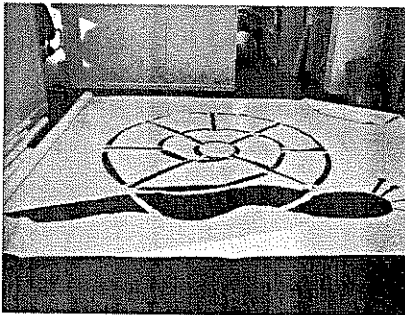

Make 4 squares made up as a template so they can make it into 4 or 8 square (outline only, no numbers). Please note different sizes from last time.

Four square
Squares: 2m x 2m
Lines: 7cm wide

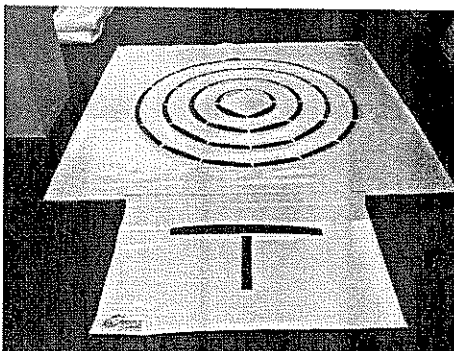

Will get a vertical row of 5 boxes made up so they will be able to make it as big as they like (outline only, no numbers). Snakes and ladders will be made separately for them to place where they like. Please note different sizes from last time.

Snakes'n'ladders
Squares: 1m x 1m
Ladders: 1m x 50cm
Snakes: 1m x 50cm
Lines: 7cm wide

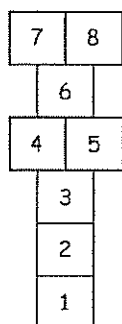

Snail hopscotch
Shell diameter: 2 metres
Head/tail: 1 metre

One template for target – 3m diameter at largest point (this time would like 5 circles in total please). Just need one "T" template.

Line target
Circle diameters: 1.0, 1.5, 2.0, 2.5 & 3.0 metres
T lines: 60cm (W) x 30 (H) cm

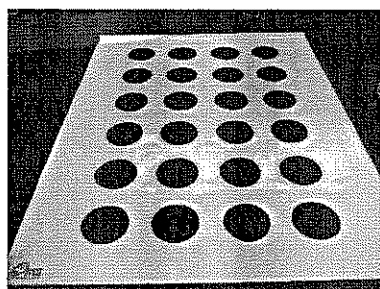

As hopscotch is pretty generic, please put the numbers in this template. Also, please add a number "9" box on the top.

Hopscotch

Squares: 50cm x 50cm

Number stencils: 15cm x 15cm

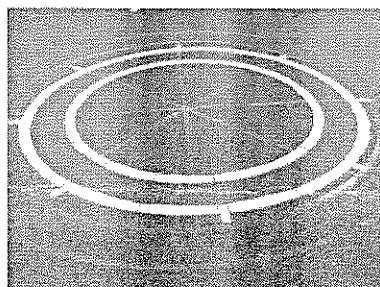

Top triangle: 100cm (W) x 50cm (H)

As per this template, but 10 spots wide and 10 spots deep

Twister

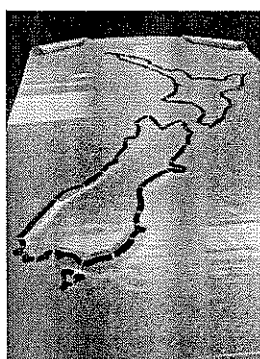

Circles: 20cm diameter with 20cm between each circle

We would like this template made up as per the picture.

Compass/clock

Outside circle diameter: 3m

Map of NZ

Slightly longer than last time – 4m please

Each number and letter 15cm x 15cm
